Kitchen Servery

- Access to kitchen is currently restricted.
- Our modifications open the wall to the adjacent room and will create a servery to the kitchen.

Accessible toilet

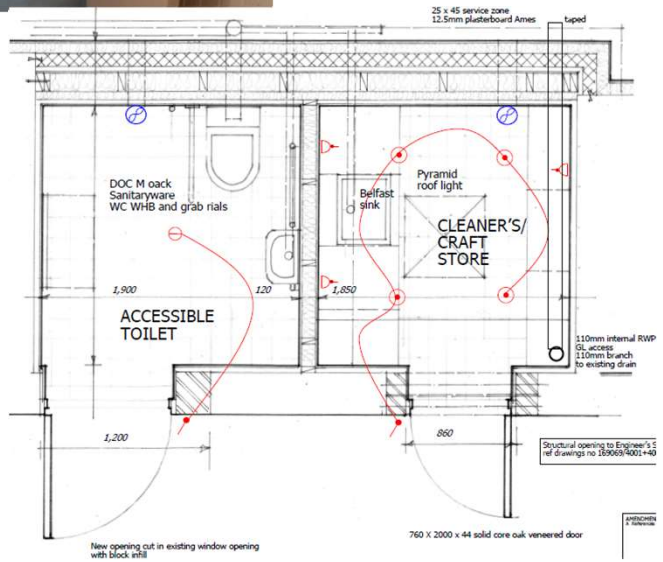
From the hall access is via a narrow corridor (A)

With the door open, the corridor (a fire exit) is blocked (B)

The entrance to the building is also blocked (C)

Access is restricted for motorised chairs (B)(D)

The new facility is fully compliant with access from the main hall. With a 1.2 metre access door.



Sanctuary to Hall

Sanctuary egress is through a narrow corridor (A) (B)

The video shows this better

Hall to Garden

Access to garden is through two narrow doors, down and up a step ((A,B,C)

The two central windows will be converted to French doors and the ground levelled to allow safe exit
